Hello Mr. Coyote, I appreciate your email. Let me know all that you have and I will add it to my site. I will set up a Raley employee feedback page so employee's can speak out...

Thanks again.

Frank

I was a courtesy clerk for over two years at Raleys in Merced california, and it was the worst job that I have ever had.I quit several months ago. I was excited when a former coworker (still an employee of Raleys) told me about this website. I really appreciate what you are doing. I plan to share your info with all of thoes still traped at that horrible place.

I will write some more latter on my personal experiences, but for now I just wanted to share my appreciation.
